The Board has reviewed the position and associations of each of the ten Directors in office at the date of this report and considers that nine of the Directors are independent. In considering whether a director is independent, the Board has regard to the independence criteria in ASX Principle 2 and other facts, information and circumstances that the Board considers relevant. The Board assesses the independence of new directors upon appointment and reviews their independence, and the independence of other Directors, as appropriate.

The Board considers that Ms Dolan and Messrs Corbett, Best, Blake, Condella, Hodges, Mathieson, Robinson and Scholes meet the independence criteria in ASX Principle 2. They have no material business or contractual relationship with the Company, other than as a Director, and no conflicts of interest that could interfere with the exercise of independent judgement.

Mr Richards is employed in an executive capacity by the Company and so is not considered to be independent.

The Directors will continue to monitor the composition of the Board to ensure its structure remains appropriate and consistent with effective management and good governance.

4. Retirement and Re-Election of Existing Directors

The Constitution of the Company requires one third of the Directors, other than Executive Directors, to retire from office at each Annual General Meeting. Directors who have been appointed by the Board during the year are required to retire from office at the next Annual General Meeting and are not taken into account in determining the number of Directors to retire at that Annual General Meeting. Directors cannot hold office for a period in excess of three years or later than the third Annual General Meeting following their appointment without submitting themselves for re-election. Retiring Directors are eligible for re-election by shareholders.

5. Nomination and Appointment of New Directors

Recommendations of candidates for new directors are made by the Nomination Committee for consideration by the Board as a whole. If it is necessary to appoint a new director to fill a vacancy on the Board or to complement the existing Board, a wide potential base of possible candidates is considered.

In making recommendations to the Board regarding the appointment of Directors, the Nomination Committee periodically assesses the appropriate mix of skills, experience and expertise required by the Board and the extent to which the required skills and experience are represented on the Board. The committee also takes account of other factors such as diversity and cultural fit. The identification of a potential director may be assisted by the use of external search organisations and detailed background information in relation to the potential candidate is provided to all Directors prior to any decisions being made. Nominations for appointment are then approved by the Board as a whole.

If a candidate is recommended by the Nomination Committee, the Board assesses that proposed new director against a range of criteria including background, experience, professional skills, personal qualities, the potential for the candidate's skills to augment the existing Board and the candidate's availability to commit to the Board's activities. If these criteria are met and the Board appoints the candidate as a Director, that Director must retire at the next Annual General Meeting of Shareholders and will be eligible for election by shareholders at that General Meeting.

New Directors are provided with a letter of appointment, setting out the terms of their appointment, including their powers, rights and obligations. An induction program is provided for new members of the Board. This includes meetings with senior executives, site visits, provision of relevant corporate governance materials and policies and discussions with the Chairman and other Directors.

6. Board Meetings

The Board meets formally at least ten times each year, and from time to time meetings are convened outside the scheduled dates to consider matters of importance. The Board met fourteen times between 1 July 2017 and 30 June 2018.

The Directors' attendance at Board meetings is detailed in the Annual Report.

The agenda for meetings is prepared by the Company Secretary, in conjunction with the Chairman, Chief Executive Officer, and periodic input from the Board. Comprehensive Board papers are distributed to Directors in advance of scheduled meetings. Board meetings typically take place at the Company's head office and manufacturing facility based in Salisbury, South Australia but also take place at the Company's commercial offices in Melbourne, Victoria and Raleigh, North Carolina, USA and at the operating facility in Greenville, North Carolina, USA.

The Non-Executive Directors also meet regularly without management present.

7. Performance Review

The Chairman evaluates the performance of the Board as a whole. The performance evaluation includes an examination of the performance of the Board against the Board Charter. This review involves the directors completing a questionnaire/survey and the Board then discussing the areas for improvement. The evaluation may establish goals and objectives for the Board and provide any recommendations for improvement to Board performance.

The Board aims to ensure that shareholders are informed of all information necessary to assess the performance of the Directors.

Information is communicated to shareholders through:

- the Annual Report;
- the half-yearly report;
- the Annual General Meeting and other meetings to obtain shareholder approval for Board actions as appropriate; and
- continuous disclosure in accordance with ASX Listing Rule 3.1 and the Company's Continuous Disclosure Policy.

9. Board Committees

The Board has established the following committees to advise and support the Board in carrying out its duties:

- Audit and Risk Committee;
- Nomination Committee;
- Remuneration and People Committee; and
- Science, Technology and Medical Committee.

Directors' attendance at meetings of these committees is detailed in the Annual Report.

9.1 Audit and Risk Committee

It is the Board's responsibility to ensure that an effective internal control framework exists within the Company, including internal controls to deal with both the effectiveness and efficiency of significant business processes. Effective internal controls include the safeguarding of assets, the maintenance of proper accounting records, managing and mitigating business risks and the reliability of financial information.

The Board has established an Audit and Risk Committee, which operates under a Charter approved by the Board, and has delegated the responsibility for the establishment and maintenance of a framework of internal control and ethical standards for the management of the Company to the Audit and Risk Committee. The Charter was last reviewed and approved by the Board on 23 July 2015.

The duties and responsibilities of the Audit and Risk Committee include:

- ensuring appropriate accounting policies and procedures are defined, adopted and maintained;
- ensuring that the operating and management reporting procedures, and the system of internal control, are of a sufficiently high standard to provide timely, accurate and relevant information as a sound basis for management of the Group's business;

- reviewing the Financial Statements for accuracy and to ensure they reflect a true and fair view prior to their presentation to the Board;
- reviewing the scope of work for the external audit function including approval of strategic and annual audit plans and effectiveness of the external audit function;
- ensuring that appropriate processes are in place to ensure compliance with all legal requirements affecting the Group;
- ensuring that all internal and industry codes of conduct and standards of corporate behaviour are being complied with;
- appointing a person(s) responsible for internal audit functions as specified from time to time by, and in accordance with, the Committee's Charter;
- making recommendations to the Board on the appointment, reappointment or replacement (subject, if applicable, to shareholder ratification) of the external auditors and monitoring the effectiveness, and independence of the external auditors;
- approving and monitoring the Company's risk management strategy;
- reviewing and recommending policies and procedures for managing and mitigating risks across the Company;
- regularly reviewing the Company's Risk Management Framework and Risk Register; and

As and when required, the Audit and Risk Committee engages external consultants to review the Group's internal control environment, as the Company does not yet have an internal audit function. The VP, GRC role is responsible for leading the implementation of the Company's control framework, whereby each business unit and functional leader is required to formally consider its risk environment, document identified risks and risk treatment plans, and periodically report on the progress of ongoing risk mitigation through the implementation of those treatment plans.

The operation and responsibilities of the Audit and Risk Committee are consistent with ASX Principle 4 and ASX Principle 7. The Committee met eight times during the financial year ended 30 June 2018.

The Audit and Risk Committee is directly responsible for the appointment, reappointment or replacement (subject, if applicable, to shareholder ratification), remuneration, monitoring of effectiveness, and independence of the external auditors, including resolution of disagreements between management and the auditor regarding financial reporting.

The appointed external auditor is required to attend the Company's Annual General Meeting to answer any questions from shareholders in relation to the audit.

The Committee must approve all audit and non-audit services provided by the external auditors and must not engage the external auditors to perform any non-audit/assurance services that may impair or appear to impair the external auditor's judgement or independence in respect of the Company. The Committee may delegate the approval authority to a member of the Committee. The decisions of any Audit and Risk Committee member to whom the approval authority is delegated must be presented to the full Committee at its next scheduled meeting.

When reviewing the auditor's independence, the Committee will typically require the rotation of the audit partner at least once every five years, in accordance with the *Corporations Act 2001*. In February 2016, the Board approved Mr Ashley Butler to act as the signing partner for Ernst & Young for an

additional two years for financial years 2016-2017 and 2017-2018 as a result of the significant increase in the Company's US operations. The Board determined that this increase in operations required continuity of audit expertise as the Company changed auditors of the US operations during the 2017 financial year from CRI to Ernst & Young. A new audit partner will commence for the 2019 financial year.

9.3 Nomination Committee

The Board has established a Nomination Committee to assist the Board in selecting candidates for the position of director.

The Company employs executives with the requisite experience and qualifications to enable the Board to manage the risks to the Company. The Board has requested the Audit and Risk Committee oversee the Group's risk management processes and procedures.

The Group's identification and management of business risks is set out in a Risk Management Framework. The Framework is based on AS/NZS ISO 31000:2009 and provides a framework under which the Company can categorise the risks that are faced by the Group; the likelihood, consequence and potential impact if the risk were to eventuate, and the residual risk faced by the Group given the existence of appropriate controls.

The risks faced by the Company are diverse and vary significantly in terms of the likelihood of the event occurring and the consequence of such an event. Each specific risk is identified in the risk register and allocated to a member of the Corporate Executive Committee (CEC) and managed through day-to-day operations and compliance with appropriate, tailored standards and controls.

The risk register is updated by the CEC and reviewed by the Audit and Risk Committee. The Audit and Risk Committee last reviewed the risk register at its September 2018 meeting. A summary of the Risk Management Framework is disclosed on the Company's website in accordance with ASX Principle 7.
